

Southwest Louisiana's Contractor Safety Award Banquet

Presented By

Southwest Louisiana Construction User's Council (SLCUC)
Safety Council SWLA
Lake Area Industry Alliance

Southwest Louisiana's Contractor Safety Award Banquet

The SLCUC, the Safety Council SWLA and the Lake Area Industry Alliance a coalition of contractors and industry representatives are sponsoring the Southwest Louisiana's Contractor Safety Award's program to recognize the safety accomplishments of contractors in Southwest Louisiana.

The Southwest Louisiana's Contractor Safety program recognizes those contractors that have achieved continuous safety improvement and have reached for high standards with their company safety programs which have promoted accident prevention in refineries and petrochemical plants that are located throughout southwest Louisiana. The awards recognize safety excellence that participating contractors have achieved through diligence and dedication for the safety of their employees and clients.

The Safety Award winners will be honored at the Contractor Safety Award Banquet on Tuesday, June 22, 2010 at Reeves Uptown Catering Ballroom located at 1639 Ryan Street, Lake Charles, Louisiana 70601.

Today's challenge is continuous improvement in a company's safety program which requires innovation that must be driven into a company's operations. If you want to see innovation, be sure to purchase your tickets so you don't miss the most *dynamic* demonstration of Safety in Motion which will prevent strains, sprains and body motion injuries. Safety in Motion will drive real life practical applications into the workplace and your everyday life at home. "*You will be moved by this program.*" Come see Alvin Midkiff of ConocoPhillips present Safety in Motion. This Safety System presentation is the equivalent of a jet car in 2010.
